

- Emily Joliffe and Dave Alexander of the Billy Bishop Home and Museum shared a PowerPoint presentation with information regarding upcoming exhibits and events taking place at the Museum in the coming months.
- The Manager of Community Development and Marketing showed a new video showcasing Downtown Owen Sound. He noted it will be the first of several videos to debut in the coming months, with each focusing on a different aspect of what makes Owen Sound special to live in and visit.
- The Director of Public Works and Engineering made a presentation to Council regarding the 'Alternating Fifth Lane' option and why staff are not recommending it as part of proposed plan for the 10th Street Bridge Reconstruction Project.
- Council approved the design alternative of a five lane, precast concrete girder bridge with pedestrian sidewalks on each side for the 10th Street Bridge Reconstruction Project.
- Council received the 2017 Fire Report for information purposes.
- Council approved a Site Plan Agreement for a new Medical Marihuana Production Facility at 1875 16th Avenue East.
- Council approved a Site Plan Agreement for a Rogers Internet Protocol Television Data Centre at 904 9th Street East.
- Council received an update on the Township of Georgian Bluffs new Zoning By-law for information purposes.
- Council appointed Wesley Reidt as the Deputy Chief Building Official.
- Council approved a Budget amendment recommendation from the Community Services Committee to upgrade the Harrison Park water and electrical system.
